Status Report filed 7/8/16 states there have been no changes since the last status hearing held on this matter in January 2016. Attempts have been made to contact the client, Talina Hurley, but no response has been received. She last indicated that the matter was set to be reviewed by the Oregon courts in June 2016; this office has not been updated as to the results.

On 7/8/16, it was confirmed that the Oregon Probate Department that their guardianship case C14-0545-PG was dismissed by the Probate Court on 8/7/15 and transferred to the Juvenile Court as Case No. J140415. In the order dated 9/29/15 in Juv. Court Case J150602, it was stated that no action was taken in the matter; that the Court tracks the case with Nathaniel's delinquency case in J140415 and that Oregon Circuit Court Judge Ricardo J. Menchaca was going to contact the Judge in California.

On 7/8/16, the Juvenile Court Clerk confirmed that J140415 remained open as to minor Nathaniel and that the case had been assigned to the Oregon Youth Authority. An attempt to contact the case worker (phone number provided) was made and voice mail left; however, a call back has not yet been received.

Petitioner states on 11/1/05, the decedent's parents Rafael and Consuelo Campos owned 20 acres with their residence being on 1.25 acres of said 20 acres with a common address on S. Madera Avenue in Kerman. The City of Kerman has interested in purchasing the acreage without the 1.25 acres and it was suggested to put the 1.25 acres in the name of an another party for a smoother transfer to the city. The 1.25 acres was gifted to the decedent on 11/1/05.

Petitioner states the sale never took place, as the City of Kerman ultimately decided not to purchase the property; however, the 1.25 acre parcel was never deeded back to the decedent's parents. His parents have continuously resided and currently reside on that 1.25 acre parcel. See attached declaration.

Petitioner believes it was the decedent's understanding that the property was always intended to be transferred back to his parents.

Petitioner seeks authorization and instruction by this Court to perform the following acts before taking action in the administration and management of the estate:

1. To deed the decedent's interest in Parcel 1 to Omar Campos, the decedent's brother; and
2. To deed the decedent's interest in the 1.25 acres on Madera Ave., in Kerman to the decedent's parents, Rafael and Consuelo Campos.

Status Report filed 5/31/16 by Attorney Fanucchi states the Court appointed Attorney Marvin Helon as GAL for the minor beneficiaries. Mr. Helon has requested a face to face meeting with Maria Campos, spouse of the decedent. Mrs. Campos is a school teacher and is unable to meet with him prior to the end of the school year. Her availability has been provided to Mr. Helon so that a meeting can be scheduled. The decedent's brother and mother will also be available to answer questions. Mr. Helon has also requested paperwork for the initial purchases of the parcels, which paperwork is still being traced. It is respectfully requested that the matter be continued for 30 days to receive a ruling on the petition for instructions before petitioning the court for final distribution.

Response and Opposition of Guardian Ad Litem to Petition for Instructions filed 6/2/16 by Marvin T. Helon, Guardian ad Litem for Minor heirs Tomas Campos and Vicente Campos, states: Decedent's estate is being administered and settled based on the decedent having died intestate. Decedent is alleged to have been survived by his spouse, Maria G. Campos (Administrator), and his two minor children, who together are his heirs. The property described in the Petition for Instructions is shown in the inventory of the estate and is stated by the Administrator to have been the decedent's separate property. The children succeed to a two-thirds interest in the decedent's separate property under California law and are therefore interested persons affected by the actions which the administrator proposes to take and for which she seeks instructions.

SEE PAGE 3

Page 3 - Response and Opposition of GAL (Cont'd):

Proposed Exchange with Decedent's brother: As to Administrator's proposal to exchange with the decedent's brother the decedent's one-half interest in an approximate 10 acre parcel, Respondent responds and alleges:

- a. Respondent does not oppose the concept of transferring the decedent's interest in 15 acres on which decedent's brother is stated to reside for the decedent's brother's interest in the 10 acres on which decedent's spouse and children reside. However, absent decedent's brother having a greater ownership interest in the parcels, which is not claimed in this petition, Respondent opposes the terms of the proposed transfer and an exchange without additional compensation or payment to the estate.
- b. Decedent's one-half interest in the 15 acres proposed to be relinquished to the decedent's brother has been appraised and valued as of the decedent's death at \$225,000. A one-half interest in the 10 acres proposed to be received has been appraised at \$175,000. An exchange of a one-half interest in the 15 acres for a one-half interest in the 10 acres is not a fair exchange for the estate. If the 2/26/14 date of death appraised values are still current values, for an exchange to be fair, the decedent's brother should be required to pay the estate compensation to equalize the values. As the appraisals were made more than two years past, Respondent believes an updated or current appraisal should be obtained before an exchange is authorized or approved and the decedent's brother should be required to pay the estate a cash sum necessary to equalize the values of property exchanged.
- c. The Petition for Instructions alleges that the decedent and his brother farmed together, including jointly farming the two co-owned parcels described in the petition. Respondent is informed and believes that the two parcels are separated by a 10 acre parcel which is held in the name of the decedent's brother, Omar Campos. This 10 acre parcel, which is not referenced in the petition, appears to have been purchased and acquired during the decedent's life by deed dated 6/11/12. Given the allegations of the petition concerning joint acquisition of property and farming by the decedent and his brother and the location of the additional 10 acres, Respondent believes that before the proposed exchange is approved, the circumstances of the additional 10 acres should be addressed by the Administrator. Petitioner as Administrator should be required to establish that the decedent did not contribute to this additional parcel's acquisition and that the estate has no equitable or legal interest or claim thereto, or should inventory an interest in this additional parcel as an asset of the estate and its value taken into account in any exchange.

Proposed transfer to Decedent's parents: As to Administrator's proposal to transfer to decedent's parents without compensation to the estate a residential parcel held in the decedent's name and appraised at \$340,000, at this time, Respondent does not approve of this proposed transfer and requested instruction without an opportunity to obtain discovery.

SEE PAGE 4

Page 4 - Response and Opposition of GAL (Cont'd):**Proposed transfer to Decedent's parents (Cont'd):**

- a. Respondent before acquiescing or accepting such proposal desires to obtain further information on the history and circumstances of the decedent acquiring title and payment of expenses since decedent acquired title. Respondent desires to pursue discovery related to the creation of the separate residential parcel and its conveyance to decedent, verify allegations that decedent provided or paid no consideration, and that expenses continued to be paid by decedent's parents.
- b. Before a hearing on this requested instruction, Respondent should be allowed time to conduct discovery and obtain information concerning the circumstances of decedent's acquisition of title, payment of expenses of ownership following transfer of title to the decedent, review applicable legal authority for a transfer and Respondent allowed to submit supplemental response or opposition once discovery is conducted.

Respondent prays for an order:

1. Denying or not providing instructions requested in the petition at this time;
2. Denying the petition for an instruction authorizing the property exchange with decedent's brother absent payment of compensation to the estate to equalize values;
3. Instructing the Administrator to address the adjoining 10 acre parcel not addressed in the petition, title to which is held by decedent's brother, the circumstances of its acquisition, and if decedent is determined to have a claim to or have contributed to the acquisition of the parcel, instructing the Administrator to inventory decedent's interest as an asset of the estate;
4. Allowing Respondent time to conduct discovery to ascertain and evaluate the allegations of the petition;
5. Authorizing Respondent to submit a supplemental response or opposition as to facts discovered warrant; and
6. For such other orders as the Court deems proper.
